

HELP, HELP, HELP!

To me, working together is working smarter! The students and I are able to have a more successful year with the help of dedicated parent volunteers. Please place a check next to items you are willing to help with. If there is more than one, please order them with number 1 being your first choice.

The following jobs are done in the classroom and will require volunteer clearance from the district office. Consistency is appreciated. ☺

_____ **Reading Parent (Need consistent parents for this)**

(Takes about 30 minutes. Help with our reading program. 5-8 students will read to you individually. Hoping to have one parent each day of the week – time of day is flexible.

_____ **Homework Helper** (Checks in Homework on Fridays)

_____ **Center Helper** (Assists with small groups, day and time TBD)

**Usually does not begin until after the first month

_____ **Art Docent** (Teaches art lessons once a month to our class. A parent group has developed curriculum and supplies)

These jobs can be done at home:

_____ **Book Helper** (Tear out and staple small books. Most will need to be done towards the beginning of the year)

_____ **Teacher Assistant** (Helps with things as needed throughout the year – examples include administrative tasks, preparing projects, etc.)

_____ **Copy Helper** (I can make copies outside of school at no charge to the teacher☺)

_____ **Room Parent** (Helps organize classroom parties and/or classroom fundraisers)

*Thank you for your willingness to help,
Mrs. Woodall*
